RULAND

Carefully Made Shaft Collars and Couplings

31 October, 2022

Dear Valued Ruland Customer,

Ruland Manufacturing has reviewed the EU Directive which concerns the use of certain dangerous materials in electrical and electronic devices. Specifically, guidelines (EU) 2011/65 and (EU) 2015/863.

After review, it has been confirmed that all Ruland products are RoHS3 compliant, with any restricted materials within accepted levels, per the RoHS3 directive ANNEX.

Please let me know if you have any additional questions.

Best Regards,

Dustin Vinci
Engineering Manager
